

SAVE THE DATE

What: Regenerative Ag Forum: Next Steps for Soil Health & Climate Mitigation

When: Sat., Nov. 6, 2021, 9am - 1pm CDT

Where: Straub Brothers, 7700 Nisbet Rd., Haubstadt, IN 47639

Who: Open to all farmers, landowners & partners interested in improving soil health, reducing crop costs & fertilizer run-off, building resilience to extreme weather events, & moderating climate change

Cost: Fees (approx. \$20/person) are being generously underwritten by our sponsors; free lunch donated by DiLegge's Restaurant

EMAIL ACNELLIS@TWC.COM OR PHONE 812-424-6832 TO BE NOTIFIED WHEN REGISTRATION OPENS OR FOR FURTHER INFO

Speakers:

Sen. Mike Braun—Senate Ag Committee member; co-founder of bipartisan Senate Climate Solutions Caucus; co-sponsor of Growing Climate Solutions Act and Conservation & Innovative Climate Partnership Act, both bipartisan bills

Erik Bender—respected Southwestern Indiana cover crop seed dealer

Barry Fisher— Natural Resource Conservation Service retiree who served as its Central Region Soil Health Team Leader; national leader in regenerative ag, which he practices on his own grain & livestock farm in Greencastle, IN

Roger Wenning— Greenburg, IN, farmer with about 900 acres of corn, soybeans, and wheat —100% no-till, 100% cover cropped, and 100% planted green. He also maintains about 55 acres of Conservation Reserve Program plus 35 acres of alfalfa.
